ADDITIONAL INFORMATION

Specifications

LARGE PLANKS	190mm wide x 1900mm long x 14.5mm thick. Long wide planks are not possible with solid timber and provide a superior look to your floor
THICK WEAR LAYER	A pre-finished wear layer (sand-able real oak top layer) of 3.5mm allows at least two future sandings and re-finishing if ever required
Construction	Engineered floating floor - base layers are cross layered and glued plywood plantation timbers.
PLANK SIZING	Up to 30% of planks are precut to two shorter random lengths to assist installers with staggering boards
COLOUR	RIKU presents natural earthy mid tone base colours in a matte finish. The natural oak grains, swirls, and knots are subtly darker. As a natural product there will be a variety of natural features as expected from hardwood.
Finish	Semi distressed surface with matte finish including full UV protection. Ready to walk on after installation
EDGING	Subtle bevelled edge
Joint system	Tongue and Groove (T&G)
PACK DETAILS	Sealed cartons of 6 planks. Coverage of 2.166m ² per carton. Carton weight of 18.0kg
TESTING & COMPLIANCE	Fully tested and passed in Australia for reaction to fire (burning behaviour), fire safety (heat and smoke release rates), dry slip (slip resistance), and emissions (organic emissions),
WARRANTY	20 year surface warranty and lifetime structural warranty - providing full comfort in the longevity and quality of your floorboards. See warranty details here
